

Domain Name Records – Checking for Record Expiration Date

Connect to the internet if needed.

Open your web browser

Key in <http://www.networksolutions.com> in the address bar

Screen print

Click on "Whois" in the upper right hand corner of the network solutions website

Screen Print

Enter your domain name in the Domain Name box. (not including the www)

Screen Print

A screenshot of the "SEARCH ALL WHOIS RECORDS" form. The form has a green header with the text "SEARCH ALL WHOIS RECORDS". Below the header, there is a search form with a text input field containing "demohospital.com" and a "SEARCH" button. The text "e.g. netsol.com or vs1234" is displayed below the input field. Below the search form, there are two radio buttons: "Domain Name" (selected) and "NIC Handle".

WHOIS CODE ENTRY

To ensure the security of our WHOIS database, we ask that you type your code (displayed at right) in the text box.

This code is an image that cannot be read by a machine. It prevents automated programs from requesting access to WHOIS information.

Your Code Is: 

Enter Your Code Here:
